

B Letters From Other Senior Personnel

19th January 2007

Dear Colleagues,

I acknowledge that I am listed among the senior personnel for the NSF Major Research Instrumentation proposal "MRI: Acquisition of a computing cluster for nuclear physics and astrophysics research at the University of Richmond." The proposed investigations will be valuable in the ongoing collaboration between my research group and co-PI Gilfoyle. My research group and I will participate in the proposed analysis and simulations and use the proposed instrument.

Sincerely,

A handwritten signature in blue ink, which appears to read 'Michael F. Vineyard'.
