To Whom It May Concern:

I acknowledge that I am listed among the senior personnel for the NSF Major Research Instrumentation proposal "MRI: Acquisition of a computing cluster for nuclear physics and astrophysics research at the University of Richmond." The proposed investigations will be valuable in the ongoing collaboration between my research group and co-PI Gilfoyle. My research group and I will participate in the proposed analysis and simulations and use the proposed instrument.

Sincerely,

A handwritten signature in cursive script, appearing to read "Kenneth Hicks".

Kenneth Hicks  
Professor of Physics
