A. Books, Chapters, and Articles

The following books, chapters, and articles represent a small portion of the possible citations, but they convey a sense of what is available. UR’s library call numbers are provided for those sources that are available at UR. When something is not available (NA), Interlibrary Loan (ILL) can be used. ILL frequently delivers requested sources within a week. Although this list is meant to be illustrative rather than comprehensive, I will be happy to receive suggestions for additions that would make the list more inclusive of particularly compelling references.
